Successful Anniversary Party

Our first anniversary party on the 19th of October was attended by representatives from across the whole homeopathic community: patients, students, new and old practitioners of homeopathy, representatives of registering bodies and of homeopathic companies. We believe that this confirms that we are reaching out to everybody for whom homeopathy matters.

A big thank you to the homeopath colleague who donated a significant amount of money towards our party but wants to remain anonymous. Thank you also to the following people for donating raffle prizes: homeopath Nicola Askwith for baking and donating a beautifully decorated, delicious cake; our patron Miranda Castro for two signed books; Sean Dooley for a lovely watercolour painting; the Dooley household for a bottle of champagne; the Homeopathic Supply Company for books and other items; Helios and Ainsworths for remedy kits.

Thank you very much also to Emma Dooley, Helen Kimball-Brooke and Grace DaSilva Hill for taking the nice pictures, which you can see if you click [here](#) . And, last not least, a very big thank you to homeopath Sayda Kebede and to Rachel Dooley, Aisha Nakyambadde, May Bulman and Charlotte Green for their great help at the buffet and bar!

CamExpo 2008

On Saturday 25th and Sunday 26th October we ran a stand at this year's CamExpo in Earl's Court. The fair was well visited and we were able to collect over 700 signatures, to give out information about our campaign and the PCT survey, and to make many new contacts.

New Evidence for Homeopathy

New studies have shown that the meta-analysis of homeopathic trials published in *The Lancet* in 2005 is seriously flawed. Click [here](#) for more information.

Letters to Primary Care Trusts

**Please do send that letter to your PCTs now and send us a copy of the
reply!**

We are building an evidence-based(!) database of the inadequate knowledge about
homeopathy within the NHS. The purpose is not to blame but to put right.

You find a sample letter and more information in our resources pack [here](#)

Thank you all for your continuing and much needed support!
