Dear Dr Mulhallen

Further to my last email, please do let me know if what I sent you satisfied your query or if you have any other requests for information; if so I will see that those requests are processed.

Furthermore, I have attached to this email the expert advice on the House of Commons Science and Technology Committee's report "Evidence Check 2: Homeopathy" and the 2005 Health Technology Assessment from Professor Peter Hylands, that I referenced in my email to you in December, should you want to see these before submitting your comments. I have also attached the CV of our expert, for your information.

Please keep these reports confidential.

Best regards

Gerald
